

REBONDING

RESINATION PLANTS WITH MONO AND BI-COMPONENT ADHESIVE

› FLEXIBLE FOAM PROCESSING'S WASTE › RUBBER GRANULE › PLASTICS › COMPOSITES

REBONDING

RESINATION PLANTS WITH MONO AND BI-COMPONENT ADHESIVE

-  **HIGH PRODUCTIVITY**
-  **PRODUCTION PROCESS COMPLETELY AUTOMATIC**
-  **COMPLETE CUSTOMIZATION AVAILABLE**
-  **INDUSTRY 4.0 READY**

All our rebonding plants are distinguished by:

-  **COMPONENT DOSING WITH ELECTRONIC CONTROL**
-  **POSSIBILITY OF INTRODUCING DYES**
-  **WIDE OUTPUT RANGE**
-  **DEDICATED PRESSES**
-  **REMOTE ASSISTANCE**

TECHNICAL FEATURES

- HIGH PRECISION WEIGHING OF GROUNDED MATERIAL
- GRANULE TRANSPORT WITH FEED SCREW OR PNEUMATIC
- HIGH PRECISION RESIN DOSING PUMPS WITH MAGNETIC COUPLING
- IN-LINE FLOW TRANSDUCER
- MOTORS DRIVEN BY INVERTER
- HORIZONTAL AND VERTICAL MIXERS WITH OPTIMIZED CAPACITIES
- RESIN DISPENSING SYSTEM WITH CONTINUOUS RECIRCULATION
- TEMPERATURES CONTROL SYSTEM
- COMPONENTS OF LEADING INTERNATIONAL BRANDS

REBONDING

RESINATION PLANTS WITH MONO AND BI-COMPONENT ADHESIVE

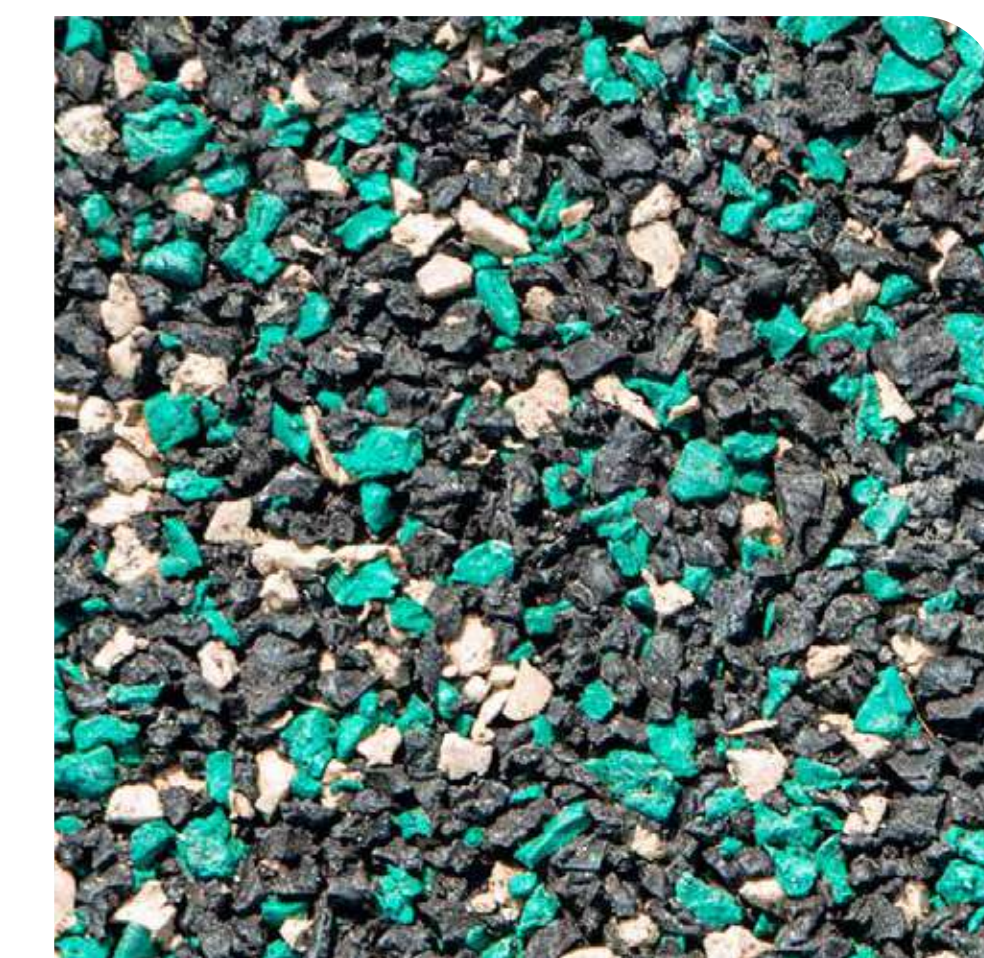

Materials processed with our plants.

FLEXIBLE FOAM PROCESSING'S WASTE

RUBBER GRANULE

PLASTICS

COMPOSITES

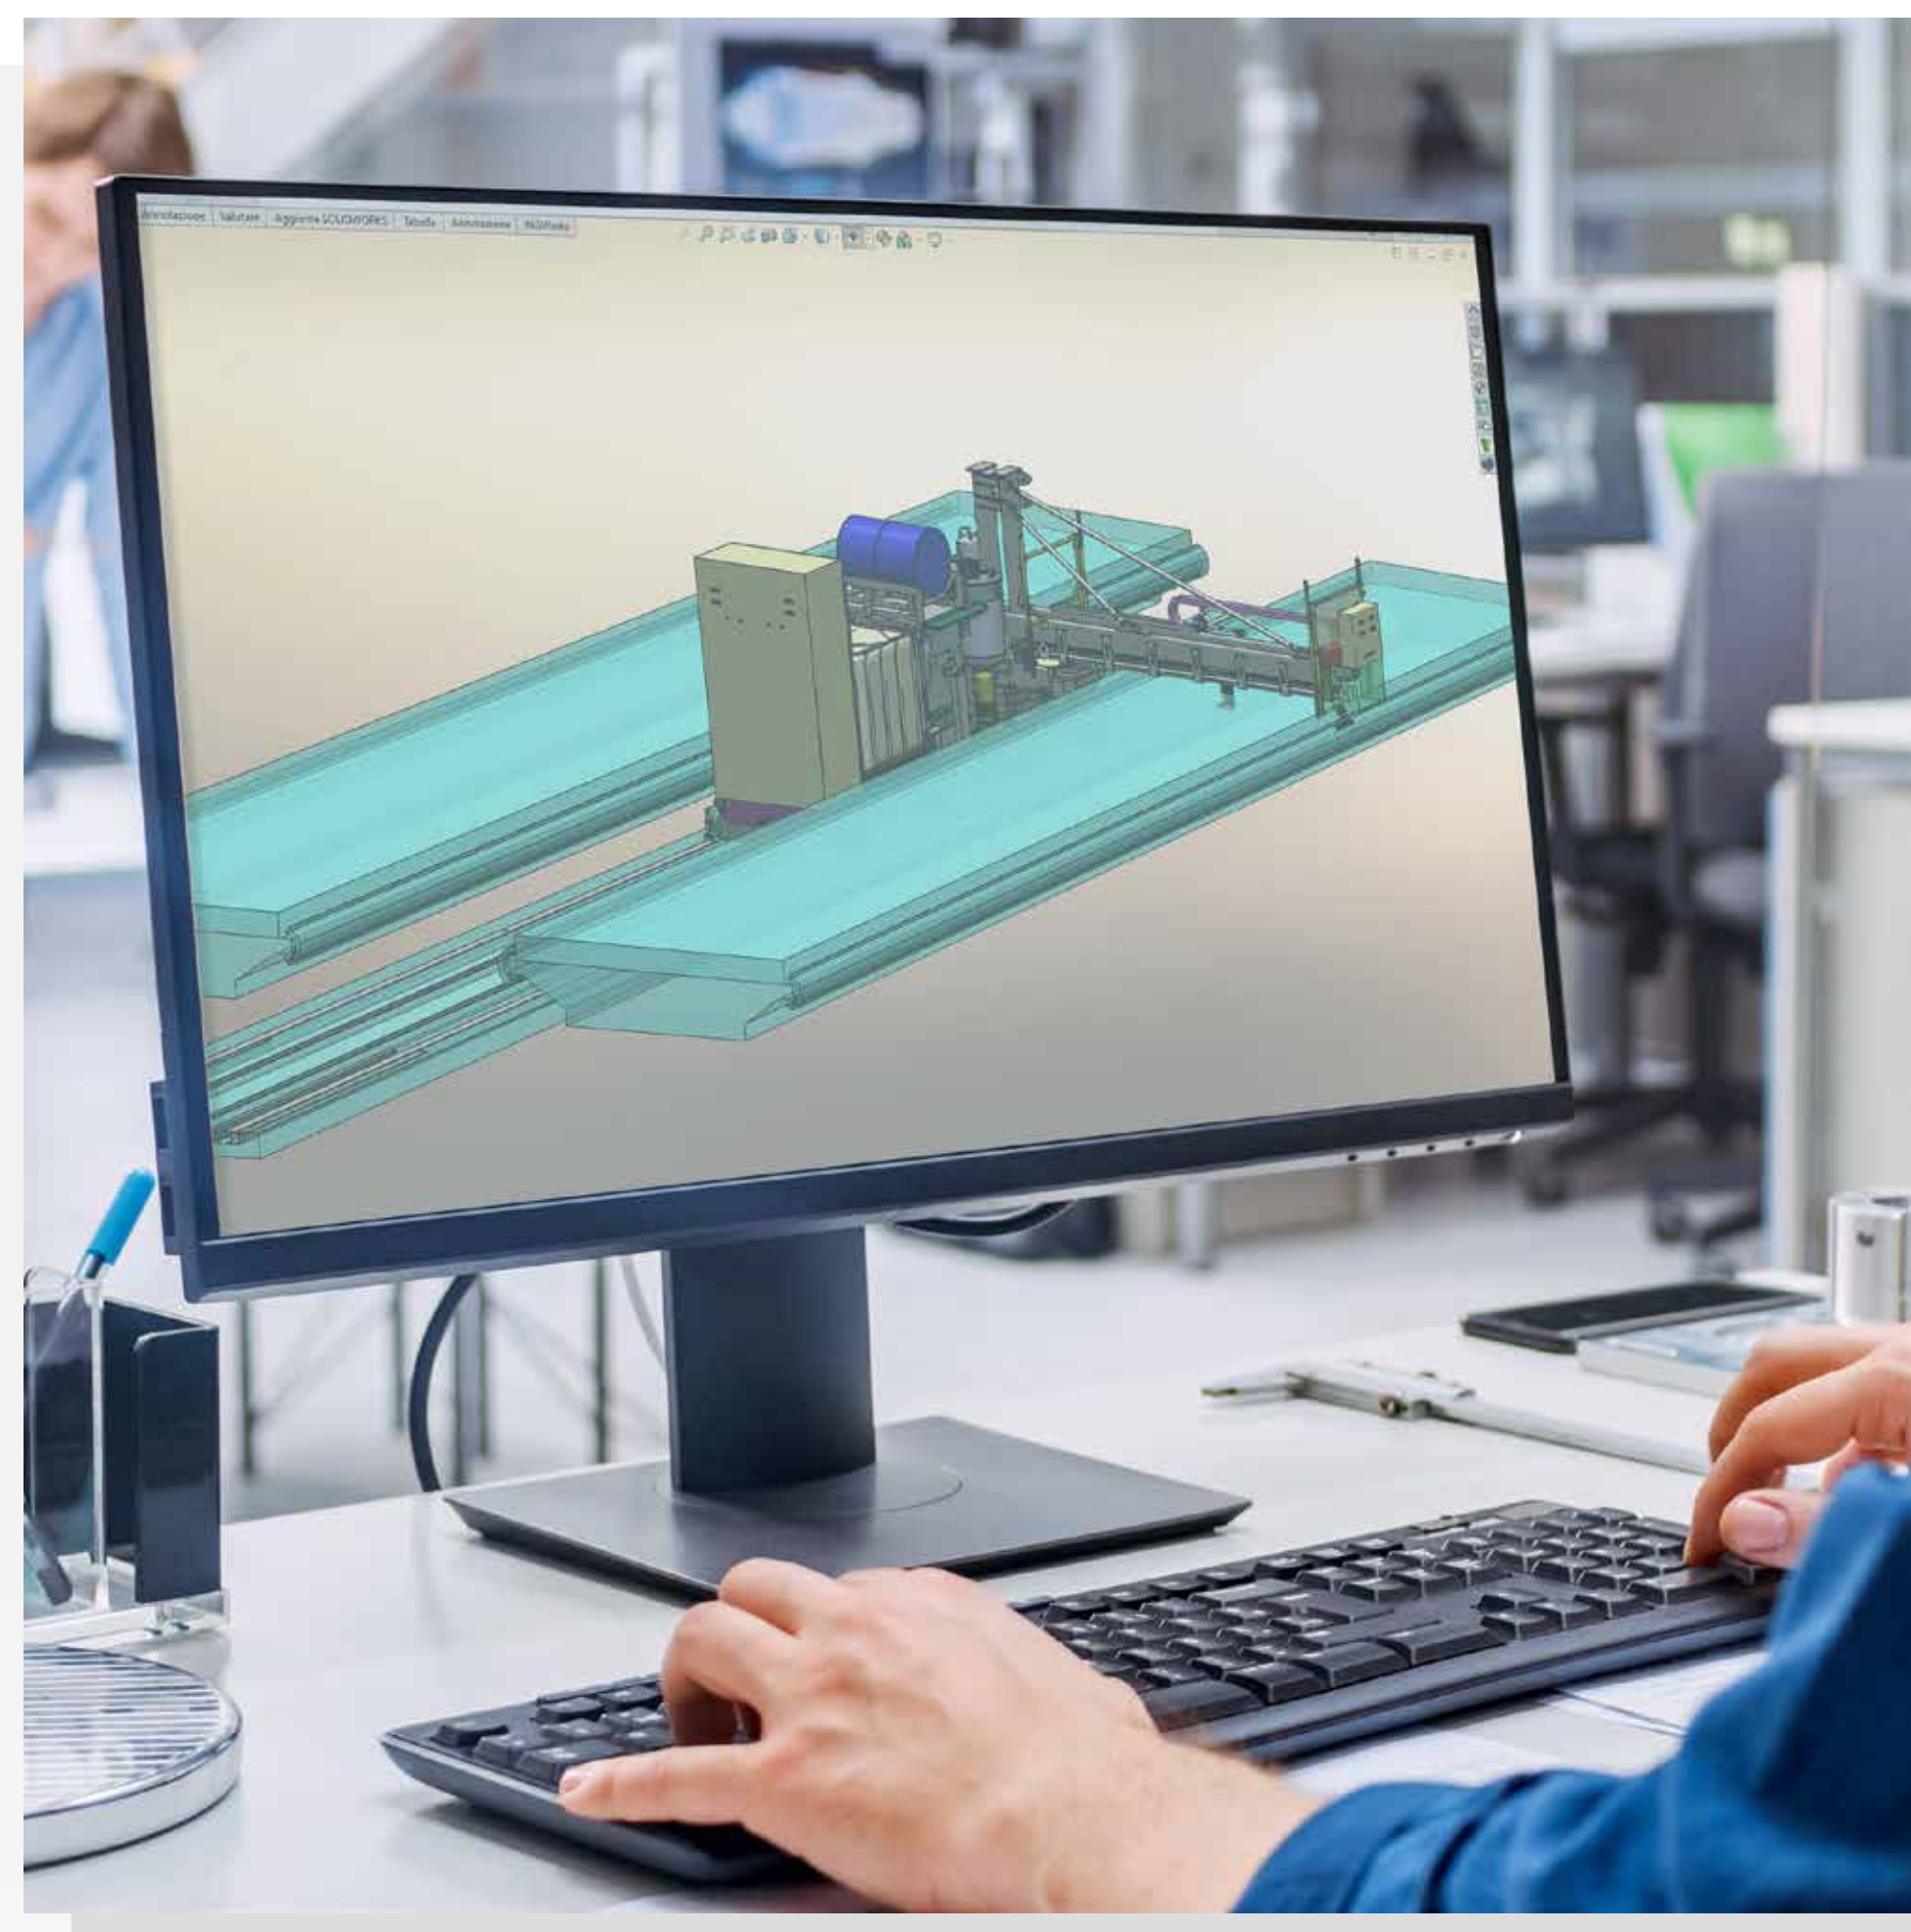

Examples of some finished products.

 **BOARDS**

 **BLOCKS and MOULDED PRODUCTS
MADE OF AGGLOMERATED MATERIAL**

MACHINES & PLANTS FOR POLYURETHANES AND RESINS

ATTENTION TO NEEDS AND CUSTOM ENGINEERING

We listen to the customer's needs to best define the characteristics of the final product and its application. We guide him towards choosing the most suitable machinery and, if necessary, we customize existing models or design them to measure.

RESEARCH AND DEVELOPMENT

We like challenges. We like to innovate. We like to find intelligent solutions. We do it every day with "handcraft" passion and industrial skills.

ITALIAN QUALITY

Design with 3D software, advanced management program, production control, carefully selected components: this is our *Made in Italy*.
Quality Management ISO 9001:2015.
CE certification for all our production.

ASSISTANCE & TECHNICAL SUPPORT

A course on the use and maintenance of machines and plants is always included. We guarantee technical assistance, both by telephone and by direct intervention at your premises. Spare parts are available for quick and economical supply.
